

# BANGALORE HEALTHCARE SUMMIT - 2018

WORLD CANCER CONGRESS

DRUG DISCOVERY AND  
DEVELOPMENT

**Organized By**

RAYTHEON HEALTHCARE

**25th & 26th September, 2018**

**Bangalore, Karnataka**

**India**

# About the Conference

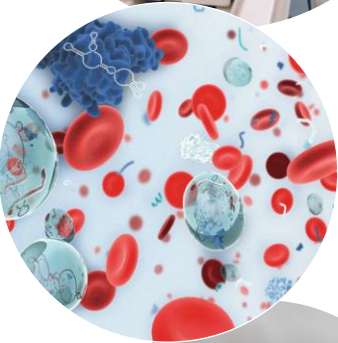

The overwhelming response of the 1st World Cancer Congress - 2017 & 1st World Congress on Drug Discovery and Development - 2017 in Kolkata, India has inspired us to recreate the majestic experience of networking, tech transfer and knowledge sharing. The conference created a platform for more than 600 participants from across the globe to discuss, deliberate and accelerate the innovation spectrum. The conference hosted more than 100 Keynote Speakers and more than 150 oral and poster presentations.

The idea behind the 2nd World Cancer Congress & 2nd World Congress on Drug Discovery and Development - 2018 is to integrate the knowledge of cancer researchers drug discovery with the knowledge of clinicians and ontologists to understand, brainstorm, and comprehend the disease. The conference would provide a good range of topics, e.g. prevention, early diagnosis, economics of cancer, for clinicians, researchers, and people related to medical field. The conference provides an important forum to secure a coordinated, multi levelled global response to address the spiralling cancer epidemic.

The 2nd World Cancer Congress - 2018 & 2nd World Congress on Drug Discovery and Development - 2018 is being organized by Raytheon Healthcare in collaborations with Arjyopa Healthcare to deliberate and envision solutions for better innovation, diagnosis, prevention and cure that reflect our commitment to fight against Cancer and win against them. We should unite and fight against cancer thereby We cordially invite you to attend the 2nd World Cancer Congress - 2018 & 2nd Drug Discovery Summit - 2018 from 25th - 26th, September 2018 at Bangalore, Karnataka, India

The scientific program will feature live workshops, interactive education sessions, B2B meetings, round-table discussions apart from the conventional plenary sessions, featured symposia, break out sessions and oral presentation sessions for abstracts and challenging cases. In addition, Bangalore Healthcare Summit will feature live cases and interventional courses in an interactive format throughout the conference. Our endeavor is to provide a stimulating and thought provoking scientific program. We sincerely hope that the blend of pleasant weather, warm hospitality and revitalizing social evenings will make the scientific environment richer.

The theme of the conference will which reflects the various elements of cancer research along the transnational research continuum and drug development. The program will feature all areas of cancer research – basic biomedical, public health, FDI Guidelines, Drug Delivery, Nanomedicine, clinical and psycho social – making the latest information and research available to delegates and will also focus on major discoveries going on in drug development..

# Chairman Message

Dear Colleagues,

On behalf of the organizing committee, it is a great privilege to extend my invitation to all of you to the Bangalore Healthcare Summit to be held on 25th and 26th of September 2018 at Bangalore. This year's conference theme is "Cancer in a New Way: Innovation, Prevention, Diagnosis and Cure". The meeting will bring topics like cancer, and drug development and discovery. The meeting will provide a unique platform for scientists from across geographies to share their insights on emerging challenges in cancer therapy, management, and novel therapeutic approaches. In a rapidly changing clinical landscape, cancer emerges as a phenotypically diverse and heterogeneous ailment, where tumor microenvironment mimicking global ecosystem limits the success of existing treatment paradigms. Drug discovery and development in an era of personalized medicine is affected owing to lack of proper preclinical de-risking tools. Further compounding this diminishing return, there is a shortage of effective therapeutics with low toxicities and affordable prices, which together hinder the rationalization of therapy combinations in personalized settings. I believe that the upcoming summit will address these issues and help us to bridge the gap between different stakeholders while enabling to work towards a consensus statement. We are particularly expecting active participation of young investigators and research students, besides established academic, industry and business leaders, for making the conference a truly stimulating event.

The scientific program this year is intended to cover a spectrum of topics such as cancer awareness, social and economic challenges, complementary medicines, tumor microenvironment, biomarkers, preclinical disease models, emerging treatment paradigms like immunotherapy, precision therapy, and challenges pertaining to drug discovery, development and transitional research.

The two-day long conference has been scheduled to have sessions covering key note address, plenary lectures, invited, oral and Poster Presentation. This year the organizer has introduced two awards: Renato Dulbecco Memorial Award and Ashima Chatterjee Memorial Award that will be conferred to the best senior and young scientists of the conference, respectively. Bangalore, known as a leading knowledge hub with pleasant climate, is a perfect place to meet and discuss innovation, challenges and opportunities to promote science.

I am looking forward to your valued participation and knowledge sharing in this conference.

**Dr. Biswanath Majumder**

**Director, R&D, Mitra Biotech**

**Chairman, Organizing Committee  
Bangalore Healthcare Summit -  
2018 | Bangalore, India**

# EXCELLENCY AWARD

## RENATO DULBECCO EXCELLENCY AWARD

Renato Dulbecco (February 22, 1914 – February 19, 2012) was an Italian American, who won the 1975 Nobel Prize in Physiology or Medicine for his work on oncoviruses, which are viruses that can cause cancer when they infect animal cells

Born in Italy in 1914, Renato Dulbecco was a virologist who won the Nobel Prize for Physiology or Medicine along with Howard M. Temin and David Baltimore. In the 1950s, the three men pioneered the growing of viruses in a culture, lending insight into cell growth. The research helped pave the way for studying cancer cells in the fight against cancer. Dulbecco died in 2012 in La Jolla, California.

With all great respect, we wish to dedicate this Bangalore Healthcare Summit - 2018 to Late. Renato Dulbecco for his tireless fight against cancer and being the force behind our knowledge of cancer today.

This Renato Dulbecco Excellency Award will be coffered to the best 5 Seniors Scientists based on their research work.

## ASIMA CHATTERJEE EXCELLENCY AWARD

Born on September 23, 1917, Asima Chatterjee, was one of the first Indian women to earn a doctorate in science in British India. She paved the way for Indian women to pursue organic chemistry and opened the world's eyes to the power of medicinal plants. Her most notable work includes research on vinca alkaloids, the development of anti-epileptic drugs, and development of anti-malarial drugs.

She also authored a considerable volume of work on medicinal plants of the Indian subcontinent. She graduated with honors in chemistry from the Scottish Church College of the University of Calcutta in 1936.. She was the first woman to receive a Doctorate of Science from an Indian university.

With all great respect, we wish to dedicate this Bangalore Healthcare Summit - 2018 to Late. Asima Chatterjee for his tireless fight against cancer and being the force behind our knowledge of cancer today.

This Asima Chatterjee Excellency Award will be coffered to the best 5 Young Researches.

To Nominate your name kindly visit the conference website at:

[www.worldcancercongress.in](http://www.worldcancercongress.in) & [www.drugdiscoveryconfrence.org](http://www.drugdiscoveryconfrence.org)

Kindly filled the nomination form and send it to us through Email or By Post.

# Faculty/Advisory Council International

**Dr. Birandra Sinha**  
Professor,  
NIH,  
USA

**Dr. Jaroslav Cermak**  
Scientist,  
Institute of Haematology and  
Blood Transfusion ,  
SPAIN

**Dr. Lenka Walterova**  
Scientist,  
Krajska nemocnice  
Liberec,  
SPAIN

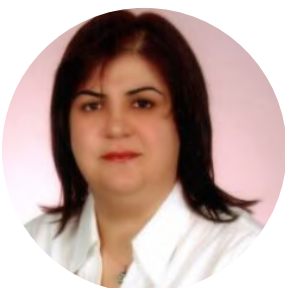

**Dr. Jagat Kanwar**  
Professor,  
Deakin University,  
AUSTRALIA

**Dr. Erhan YILMAZ**  
Professor,  
Firat University,  
TURKEY

**Dr. Sanchita P. Ghosh**  
Principal Investigator,  
AFRRRI  
USA

**Dr. Seval YILMAZ**  
Professor,  
Firat University,  
TURKEY

**Dr. Ravinder Mamtani**  
Dean,  
Weill Cornell Medical College,  
QATAR

**Prof. P C Leung,**  
Professor,

Associate Professor,  
JNC SAR,  
INDIA

# Registration Details

Registration Types	Early Bird Upto 15th March, 2018	Normal Registration After 15th March, 2018	Spot Registration
Faculty/Medical Practitioners/General Category	Rs. 5500	Rs. 6500	Rs. 7500
Research Scholar & Post-doctoral fellow	Rs. 4700	Rs. 5700	Rs. 6700
Student(UG & PG)	Rs. 3900	Rs. 4900	Rs. 5700
Industrial Participants	Rs. 12000	Rs. 14000	Rs. 16000

You can also make NEFT or Prepare Cheque/Draft in the below provided Bank Details and send to the provided address at the back

**Name Of the Bank:** HDFC BANK  
**Account Name:** ARJYOPA HEALTHCARE  
**Account Number:** 50200025442471

**Branch Name:** KESTOPUR, KOLKATA  
**Nature of Account:** CURRENT ACCOUNT  
**IFSC Code:** HDFC0002492

## Call for Abstract

All investigators are invited to submit abstracts on topics pertaining to conference topics mentioned on the website or from their own research work. Authors are invited to submit abstract(s) using the Website Abstract submission form or they can submit the abstract through mail also. Abstracts should contain sufficient detail on the techniques used and the results, which will be shown. You will receive a confirmation when the abstract has been received. Please contact the conference secretariat if you did not receive confirmation within 5 working days.

Submission implies the intent of at least one author to register, into the symposium and present the paper (either 12+3 minutes orally or in poster format). Contributions will only be finally accepted successful payment of the conference fee.

**Important Dates: Abstract Submission Deadline: 27th July, 2018**

Please Submit your Abstracts by visiting the conference website at:  
[www.worldcancercongress.in](http://www.worldcancercongress.in) & [www.drugdiscoveryconference.org](http://www.drugdiscoveryconference.org)

or

Please send your abstract through mail to the below address :

[info@worldcancercongress.in](mailto:info@worldcancercongress.in) / [info@drugdiscoveryconference.org](mailto:info@drugdiscoveryconference.org)
